New York Society for Gastroenterology and Endoscopy
341A E. 76th Street, Suite 324 New York, NY 10021 646-218-0650

Course Description

The Spring Course is devoted to a review of the most compelling topics discussed during Digestive Disease Week® 2022. Our distinguished faculty will select and present the most important information about new drugs and drug therapies; medical, surgical and endoscopic treatments for disease, and the social impact of disease states pertaining to gastroenterology, endoscopy, and liver disease. The etiology and pathophysiology of disease states as well as the epidemiology of diseases will also be included.

Digestive Disease Week® is the most important academic forum in gastroenterology. The Spring Course: Best of DDW 2022 will present an excellent summary of DDW topics and include video of new endoscopic techniques.

Learning Objectives

- Discuss the spectrum of gastrointestinal diseases such as esophageal disorders and colorectal cancer and outline the enhancement and effectiveness of related treatment options such as the use of artificial intelligence in the detection and resection of polyps during colonoscopy
- Evaluate advances in the methods of assessing disease status in patients with inflammatory bowel disease, and discuss the application of these techniques to patient treatment
- Discuss the efficacy and safety of treatments for portal hypertension, nonalcoholic steatohepatitis (NASH), and other chronic liver disorders
- Identify appropriate methods to detect and treat common disorders of the small bowel and colon, such as colon polyps, as well as endobariatric therapy for obesity, and review the effectiveness of these approaches
- Examine the diagnostic and expanded therapeutic capabilities of ERCP and EUS to detect and treat disorders of the hepatobiliary tract, pancreas, and luminal gastrointestinal tract and to detect and manage suspected small bowel bleeding

Intended Audience

Gastroenterologists, GI Fellows, and GI Nurses and Associates

Course Evaluation and Claiming CME and CNE Credit

To obtain a Certificate of Credit, you must login to your Express Evaluations dashboard and complete the course evaluation.

Your Username and Password

Your username is a 3 to 5-digit number, sent in an email from Express Evaluations shortly before the course. This number is unique to you and remains the same from course to course.

Your username is also available from the NYSGE website. Click on My Profile and look for "memberID."

Universal Password is **nysge**

How to Access the Evaluation Website

Option 1

Find a recent email from Express Evaluations (check Spam), which contains:

1. Link to the Evaluation Website
2. Your username and password as noted above

Option 2

Go to www.nysge.org

1. Hover over "Learning Resources"
2. Choose Claiming CME for NYSGE Programs from the dropdown menu
3. Click the Evaluation Website button

How to Obtain a Credit Certificate

After completing the evaluation screens, the "Certificate" button will be enabled. Click to print, email, or download a copy of your certificate.

If you have any difficulties accessing the Evaluation Website or retrieving your Credit Certificate after the course is over, please contact us at info@nysge.org or 646-218-0650.
